Subject Index

A brief history of the ICD Research Utilization Laboratory 426
Case performance characteristics associated with three counseling styles 464
Center for independent living: an overview 617
Changing attitudes toward disabled persons: an experimental study 573
Client-counselor congruence in perceiving handicapping problems 299
Client perceptions and attitudes toward a comprehensive rehabilitation center 315
Client-reported psychological status and rehabilitation success 500
Consumer involvement in rehabilitation 611
Continuing education and rehabilitation of the severely disabled 588
Correlates of disability acceptance in amputees 508
Developing the specific skills and knowledge of the rehabilitation counselor 450
Effects of a dual treatment approach on the rehabilitation of habitual juvenile delinquents 482
Empirical observations of rehabilitation counselor performance and outcome: some implications 294
Expanding horizons: careers in science 614
Evaluating the research utilization specialist 387
Follow up of disabled patients discharged from a rehabilitation center 608
The hospital as a hotel 520
The National Center of Law and the Handicapped, Inc. 621
New developments in rehabilitation counselor education 330
Perceptions of the disabled and counseling effectiveness 470
Personal adjustment training for the spinal cord injured 544
Personal characteristics affecting selection of psychologists by counseling centers and mental health clinics 516
Placement: a counselor attitude index 492
Planned interpersonal informational exchanges: the RULE Project 443
Postemployment services for the severely disabled 564
Problems in research utilization: a review 365
Psychological aspects of spinal cord injury 535
Publication preferences and needs of ARCA members: 1975 survey 323
Rehabilitation counseling revisited 524
Rehabilitation counselor training: a program evaluation 305
Rehabilitation state supervisors as knowledge users 433
The rehabilitation team: a catalyst to risky rehabilitation decisions? 581
The renal dialysis client: a rational counseling approach 556
Research and research utilization—a many faceted approach 357
Research utilization specialists in vocational rehabilitation: five years of experience 377
Rights to equality for disabled persons under federal and state law 598
The role of informal leaders among clients in a comprehensive rehabilitation center 504
Running a research utilization laboratory 416
Strategies for expanded interagency linkages: rehabilitation implications 344
A study of help seeking among rehabilitation clients 496
A survey of opinions of professionals in ARCA, NRCA, and CRCE regarding organizational merger 512
A traditional living experience for the severely disabled 551
Visiting consultant program for research utilization 405
Vocational rehabilitation in western Europe, Yugoslavia, and the United States 1971-1972 476
The workshop on Research Utilization Specialist Model—a report 396
